What is the plan?

York Hospital
City based
Accessible resources

Scarborough Hospital
Town based
Limited resources

Health and wellbeing represents different things to different people
I don't always want to be a patient
I don't want to be a bother
What is HEALTH AND WELLBEING?
Hospital is only part of our treatment we want services in the community
The end of treatment is like being dropped off a cliff
We learn from each other

Patient Comments

Macmillan Recovery Package
Project team Scope local services
Work together to ensure people affected by cancer have comparable access to services

Develop and understand what services are available in the community

Flexible Service
Shared Vision and Goals
Informed by Those Affected by Cancer
Education and Information
Sustainable Service
