Fundraise for us

Thank you for choosing to raise vital funds for the YTHC. The charity plays a vital role in raising funds for York Teaching Hospital NHS Foundation Trust to help to ensure the best quality of care is provided by funding aspects such as:

- Life-saving and up to date equipment
- Patient and carer support
- Additional staff and staff training and development
- Research and development
- Improving and enhancing the hospital environment

Every penny we raise is put back into our services for the benefit of our patients. With thanks to our supporters, the YTHC is able to make a real difference to the care that people receive when they visit the hospitals. Every penny you raise really does make a difference – no matter how small.

Fundraising

The YTHC could not continue its vital work without its fantastic supporters who include individuals, schools, colleges, companies and groups and associations. There are lots of ways to get involved from organising an event or raising funds at work to jumping out of a plane! Whatever you decide to do, we will offer you all the support you will need to ensure your fundraising is a success (and that you have lots of fun along the way!)

Our Top Tips to make your fundraising easier

Organising your event

- Figure out the who, the where and the what. What kind of event do you want to organise, who will you be inviting and where will it take place
- Will you have enough people to help on the day / night
- What equipment do you need to hire
- Do you need to organise licences, insurance, first aid cover
- Have you undertaken a risk assessment
- Do you have all the materials you need
- Have you publicised your event
- Write yourself a checklist
- Thank everyone for taking part / helping
- Have you put contingency plans in place in case of any issues that may arise, e.g., bad weather
- Have you devised a budget – what will the costs be compared to the income – can you organise sponsorship

Raising the money

- Ask the fundraising office for sponsor forms
- Gift Aid – charities can claim back the tax paid on your gift of money as long as you are a UK tax payer
- Set up your own personalised Just Giving page. This makes it so easy for people to sponsor you and add that all important gift aid! Simply visit www.justgiving.com, set up your page and choose YTHC as your charity
 - Your place of work may be involved in match funding. This means they can often match pound for pound of what you raise so it's worth asking the question
 - You may be able to find a sponsor for your event. For example a company may sponsor the food and drink or the whole event in exchange for some positive publicity

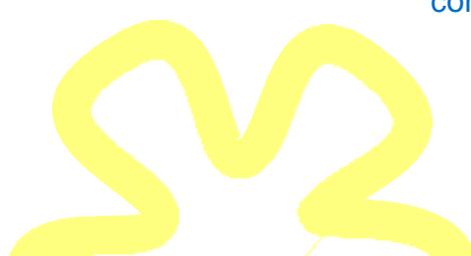

Advertising your event

- Print posters and leaflets to display in the local community and on notice boards (at work, school, etc)
- Ask the fundraising office for charitable materials such as collection tins / buckets, t-shirts and balloons
- Ask your local media to promote your event and attend a photo call on the day. Contact your local newsdesk and photographers
- Do you have a work intranet or newsletter where you can display your event? Are there local community websites or other intranets to promote your event on?
- Use social media such as You Tube, Twitter and Facebook to promote your events
- Email friends, family and colleagues and ask them to forward details about your event on to others

Keep it Legal

- You will need to apply for a collection licence from your local authority to collect funds in the street. You can normally access this information from your local authority website. If you are collecting on private property such as in a supermarket, written permission must be sought from the Manager
- You must be over 16 to collect in public
- Raffles and lotteries are subject to strict laws. Please contact us for further information should you wish to run either
- If you are organising a public event, please contact your local authority for any necessary licences and insurance and let the Police know if the event is in a public place

continued....

- Ensure an adequate risk assessment has been carried out to minimise the risk of any possible issues to those attending – ask for our risk assessment form to assist you
- If you are carrying money, consider your safety. If possible, have someone to accompany you and take a safe route home
- Ensure you have first aid coverage if you are organising a large scale event
- If you are preparing food, please consider aspects such as storage, preparation and cooking. Please visit www.nhs.uk/livewell or www.food.gov.uk for useful information
- If you are hiring a venue or equipment, check that insurance is covered in your fee. It may be the case that you need to organise public liability cover to protect you from third party claims (such as an injury due to negligence)
- Certain events may require a licence such as events serving alcohol, live music or an indoor sporting event. Check with your local authority or fundraising office
- The YTHC cannot accept any liability for any loss, injuries or damages which occur during the event

For more information on any of the above, please contact the fundraising office on 01904 721737, or email charity.fundraising@york.nhs.uk
