

A Lesson in **FUN** draising

Whatever the size of your school or the level of commitment you can give, we can work together to make a positive difference to ensure the best quality of care is provided to all those who visit the hospitals. Supporting Bridlington Hospital Funds can deliver so many benefits to your school such as motivating your pupils and teachers, increasing morale, supporting a local cause that really benefits everyone associated with the school or just having more fun!

Bridlington Hospital Funds

Bridlington Hospital Funds is part of the York Teaching Hospital Charity. The charity plays a vital role in raising funds for the York Teaching Hospital NHS Foundation Trust in the area to help to ensure the best quality of care is provided by funding aspects such as:

- Life-saving and up to date equipment
- Patient and carer support
- Additional staff and staff training and development
- Research and development
- Improving and enhancing the hospital environment

Every penny we raise is put back into our services for the benefit of our patients. With thanks to our supporters, Bridlington Hospital Funds is able to make a real difference to the care that people receive when they visit the hospital.

Working together with Bridlington Hospital Funds

There are lots of exciting ways your school and the charity can work together:

Charity of the Year (COTY)

Choose to support Bridlington Hospital Funds by choosing us as your school's Charity of the Year. Support a local cause that really benefits your teachers, pupils and their families. Gain positive PR opportunities, increase morale and encourage teacher / pupil team building. The charity can provide you with excellent support, materials and lots of fundraising tips and ideas throughout the year.

Events

Organising an event on behalf of Bridlington Hospital Funds is a great way to involve your staff, pupils and their families in your fundraising activities. We can tailor an events programme for your school that includes events inside and outside the classroom. These can include a dress down day or a sponsored event such as a netball or football match.

Appeals or donations

'The charity has a rolling appeals programme within the community and we often need to fundraise for a certain project. Charitable donations have recently helped us to purchase two new patient hoists costing £16,842. By supporting our charity, your school can actually raise money for a tangible asset within the hospital itself and we can also provide a plaque to be displayed in recognition of your support.'

You could also choose to make a donation to the charity. This could be restricted for a specific ward or department or for the general charitable fund so we can support the areas which need it the most. You can donate by post, telephone or online by visiting www.justgiving.com/yorkteachinghospital

Charity Resources

The charity can provide your school with resources to assist you with your fundraising. The charity can provide collection tins, buckets, balloons, t-shirts, posters and leaflets. Your school will also have assistance from the charity's Fundraising Team to provide any help and support you may need such as gaining press coverage and tailoring an events programme.

Benefits to the School

The school can benefit in a number of ways by partnering with Bridlington Hospital Funds. We can provide your pupils with Career Resource packs regarding working within the NHS and tailor these packs depending on specific interests. The Fundraising Team will be happy to give a school Assembly about the charity or attend classroom sessions to talk in more detail about fundraising. If your school is organising a Careers Fair, Bridlington Hospital Funds would be happy to organise a representative to attend. We can also organise 'Speed Dating' career sessions within the hospital to give your pupils tasters about the various professions available within the NHS.
