## You Said...

“Houses for rent are always all taken when I ring. Can it be renewed weekly and taken off when taken?”

## ...We Did

### We revamped our ‘To Let’ webpage!

Newer advertisements are now towards the top, so you have more of a chance of the property being available when enquiring. Permanent adverts must now offer daily/ weekly availability and have regular availability to be advertised on a permanent basis.

Our ‘accommodation’ webpage is also updated on a regular basis, with new accommodation adverts added almost weekly.
